

## Larraín y Asociados behind Sacyr credit line

12 May 2017

Larraín y Asociados has helped a syndicate of banks grant a US\$311 million credit line to Spanish infrastructure company Sacyr.

Sacyr will use the funds to prepay existing debt and to finance some of its local projects. It relied on its in-house team for the deal, which closed on 28 March.

Sacyr has been in Chile since 1996, when it won a contract to build and operate Los Vilos-La Serena highway in north-central Chile. It has since invested US\$6.5 billion in 13 concession projects, including highways, hospitals and mines.
