

# Chambers D&I Awards: Latin America 2020

The Chambers Diversity & Inclusion Awards celebrate in-house legal teams and law firms who are furthering the advancement of diversity and inclusion, and pro bono across Latin America.

With clients increasingly demanding to see improvements in inclusion from their law firms, the awards provide an opportunity for both private practice and in-house legal teams to demonstrate the key work and success they are bringing to shifting the inclusion dial. As we reduced the number of award categories this year, we had an extremely tough time to narrow down the shortlist due to the very high calibre of submissions received.

Our charity partner for the event is Media Defence.
